LP SIDING BUYING GUIDE

ENGINEERED FOR LONG-LASTING BEAUTY

LP® SmartSide® siding combines the warmth and beauty of traditional wood with advanced engineered performance. Built with proprietary SmartGuard® technology, LP SmartSide products are engineered to withstand the toughest Canadian climates—resisting moisture, impact, and extreme weather conditions.

Three Distinct Finishes

EXPERTFINISH®

Pre-finished siding with durable factory-applied paint for long-lasting colour and minimal maintenance.

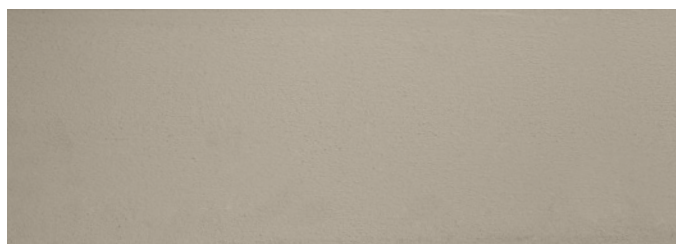

EXPERTFINISH NATURALS COLLECTION

Warm, organic wood tones with a semi-transparent finish that highlights natural texture.

PRIMED & READY TO PAINT

Pre-primed and ready to paint—perfect for custom colour matching and design flexibility.

Two Distinct Textures

BRUSHED SMOOTH

A smooth, matte finish that replicates the look of painted wood—offering a clean, modern feel with timeless appeal.

CEDAR

Realistic, deep cedar-grain texture and defining shadow lines designed to mimic the look of traditional wood.

Siding & Trim Solutions

LAP SIDING

Traditional horizontal siding with authentic woodgrain texture.

NICKEL GAP SIDING

Modern profile with clean, consistent spacing for contemporary designs.

PANELS & VERTICAL SIDING

Ideal for board-and-batten styles and vertical applications.

SHAKE LAP SIDING

Classic cedar-look texture for accents and full-wall applications.

TRIM

Engineered trim boards designed to complement every siding style.

SOFFITS & ACCESSORIES

Complete system components for a polished, professional finish.

EXPERT FINISH

LP SmartSide ExpertFinish siding delivers premium durability with a factory-applied paint finish engineered to stand up to the elements. Available in a curated palette of modern and classic colours, ExpertFinish provides lasting beauty with minimal maintenance.

SMART GUARD

Engineered with LP's proprietary SmartGuard® process, each strand is treated with advanced binders, waxes, and zinc borate to deliver:

- Enhanced moisture resistance
- Protection against fungal decay
- Termite resistance
- Superior durability in harsh climates
